2. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

In the claims: cancel claims 17-20.

In claim 1 (amended), last line, change "2:1" to --1.1:1--.

3. Authorization for this examiner's amendment was given in a telephone interview with Charles Krukiel, Esq., on 9/9/04.

4. The following is an examiner's statement of reasons for allowance: as applicants note, the prior art does not disclose or teach a ratio of the nickel chloride to reducing metal being greater than 1:1. Instead, the prior art discloses a strong preference for there being an excess of the reducing metal, with the apparent goal of assuring all the nickel is reduced to the zero oxidation state.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

5. Any inquiry concerning this communication or earlier communications from the examiner should be directed to J. Pasterczyk whose telephone number is 571-272-1375. The examiner can normally be reached on M-F from 9 to 5:30.
